GILLARD'S SHEEP DIP
NON-POISONOUS
GILLARD'S
DIP
PREVENTS AND CURES SCAB

This Dip is most carefully prepared by the latest improved methods and can be used with
COLD WATER
Supplied to the Prince of Wales's Farm at SANDRINGHAM TESTIMONIAL.

From Mr. JOHN J. MANON, Capilla del Señor, June 29, 1881.—The dip which you sent me has been used on my English long-wooled rams; it has kept them entirely free from scab after only twice using it, although these rams have been constantly running in a flock of really sheep. I intend for the first time to give it to the whole of my English breed of sheep as soon as I have them shorn, as I feel satisfied I shall with that dip keep them free of the scab.

From Mr. Wm. Petty, Estancia Caro, Colonia, Sept. 20, 1881.—I feel great pleasure in informing you that the sheep dip supplied by you to me under the name of Gillard's Sheep Dip has been constantly running in a flock of really sheep. I intend for the first time to give it to the whole of my English breed of sheep as soon as I have them shorn, as I feel satisfied I shall with that dip keep them free of the scab.

The English Parliament opened yesterday.

The Queen in Her speech declares that a perfect accord exists between Her Government and France, respecting the Egyptian Question, and also the safeguard of the interests of Bondholders, but without interfering with Turkish interests.

H. M. also hopes that the conclusion of the Commercial Treaty, which is under discussion with French delegates, will help to strengthen the good relation of both countries.

Referring to Ireland the speech mentions that the general state of the country has sensibly improved, and hopes that it will soon be entirely pacified owing to the measures projected by Government, and the application of which occupies the greatest attention of the Members of the Cabinet.
